January 22, 2024

Program

For our program tonight, Lion Craig Gadow presented Ms. Marie Rhodes of Mud Toad Pottery.

Lion President Chris Brooks (left), along with Lion Craig Gadow (right), seemed a little embarrassed in presenting our token appreciation mug to our guest speaker, Ms. Marie Rhodes. Our Club's mug rather pales in comparison to the pottery art that Marie produces.

Although only 16 years old, Marie, through her natural talent, maturity, and determination, appears to have built an impressive future for herself in the field of pottery, even though she only had her first pottery class in April 2022. Miss Rhodes is currently in the 11th grade at the Everest Homeschool Academy and intends to enroll in her senior year at Good Hope High School. She provided a set of beautifully designed mugs for our Club members and for the Club's possible use as tokens of appreciation for our program speakers. She was presented with a check tonight for those mugs. She is a member of the Tennessee Potter Society and has beautiful pottery for purchase at Vintage Magnolias in Hanceville. She would love to someday have her own pottery studio. She has been a great contributor in producing many pottery bowls for the "Empty"

Bowls" dinner for the past two years. She not only takes lessons and tips from local potters in the area but seeks out all the videos she can find on this subject.

Marie went into some detail about how the potterv is made, whether it be stoneware. earthenware, or porcelain. And she talked about temperatures that various kilns can handle, up to 2,245 degrees at the high end or lower for other types. She also discussed the various materials that can be used to color for the pottery glaze. E.g., magnesium makes yellow, iron makes red or green, copper can make blue or green, and cobalt makes blue. She said that she usually orders clay at 1,000 pounds each and uses about 3,000 pounds per year.

Marie also has a Facebook page that provides the different type-items that she makes. She has just appeared in the latest Cullman Magazine Spring 2024 edition with even more facts about this amazing talent.

Other Business

See first draft of Fish & Ham work assignments on page 4 of this newsletter.

Lion President Brooks read thank-you notes from "Wreaths Across America," and "The Foundry" organizations for our financial donations.

Lion Ron Seybold was in attendance after a recent hospitalization.

New member. Lion David Peacock was introduced by his sponsor, Lion Jeff Byrd. He is from Birmingham, but he has lived outside Holly Pond for about 25 years in the old Shaw place.

Cullman Lions Club

He said he was interested in being more involved with the community, and qualified himself by saying that if we accepted Lion Jeff Byrd, he knew we would welcome him, which we do.

New Lion David Peacock

We have had upwards of 40 female Lions as members of the Cullman Lions since 2020 when the Branch Club was formed. All of our Branch Club members are members of the Cullman Lions but with their primary affiliation assigned to the Branch Club as a subset within the Cullman Lions Club. The Branch Club members are recognized and registered as Cullman Lions by Lions International and MD-34A. An affiliation change from a Branch Club to a Main Club is wholly within any Lion's rights. Lion Dean Twilley, a past President of the Branch Club, came to the Board of Directors desiring an affiliation change to the main Cullman Lions and the reassignment has been made per her request. While Lion Dean isn't the first female Cullman Lions Club member, she is the first female assigned to the main Cullman Lions Club. She has an active history of service, and we expect her to continue contributing at the highest level of Lionism. With the Fish & Ham Dinner coming soon, Lion Dean will have an opportunity to get to know all of the Cullman Lions.
