

The Tale Twister

Cullman Lions Club

June 8, 2020

Program

Tonight, there was no program, and our venue was back at the Fair Grounds. Again, until further notice we will continue to meet at this location.

Club President, Lion Andrew Manning walking through and greeting Club member before kicking-off tonight's meeting.

Lion Clark Rainwater, Chairman of the Election Committee could not be present tonight, but left word with Lion Charlie Powell that he is planning to have ballots for our upcoming officer election at next week's meeting.

Lion Richard White filled in as our tale twister. He gets a little animated but is pretty good teller of jokes even if this one was lacking in good taste; it involved the 7 dwarfs, the Pope, and a penguin; Lion Richard was properly threatened with a fine.

There were a lot of good discussions amongst our members about the nation's troubles with Covid-19 and race-related riots in many of the country's cities.

We dismissed a little earlier than we might have intended due to a mean looking thunderstorm, visible through the large back door and heading our way.

Other Business

Lion Jim Howard has suffered a relapse following back surgery; he says that he will likely be unable to attend our meetings for a while. Lion Jim Rooker continues with cancer treatments. Keep these Lions in your prayers.

There will be Board of Directors meetings for the Fair Association next week.

Upcoming Programs and Events

June 15: TBD. This meeting will be held at again at the Fair Grounds. Stay home if you are sick.

The Tale Twister

Cullman Lions Club

Lion Chris Brooks was thoughtful enough to loan the Club his portable PA system for tonight's meeting.

A very patriotic Lion Howard Perry is smiling as he demonstrates proper use of his flu-proof, face mask. This picture was taken as he was sitting there with his plate unopened while he was figuring out how to get his fork around his mask.

Meal tonight was fried fish filets with either BBQ chicken or pork, slaw, mashed potato or potato salad, roll, BBQ beans, and peach cobbler with ice cream. Luckily, we continue to be served in take-out plates because our meals are more than most of us can consume at one setting.
